Dear Parent/Guardian:

During high school, I am completing a variety of activities and assignments designed to help me to understand myself as a learner, as an employee, as a planner, and as a citizen. These activities also help me to explore potential careers and to plan for my future. On March 25<sup>th</sup>, I will be making a 10-15 minute presentation in which I will discuss these activities and talk about my plans for the future. This presentation is part of my advisory requirement and an opportunity for you and my advisor to discuss my future plans for high school and beyond.

At the bottom of this letter, I have written the time when I will be making my presentation. Please mark your calendar with the date and time so that you can be there to support me. My presentation will take place the classroom listed below. Please check in at the Oak Harbor High School front office 10 minutes prior to my presentation time.

My presentation has been scheduled for:
