

OHHS CTE Department Course Syllabus

Course Name: Cabinetry & Woodworking
Course Code: CTO126

Course Description: This course involves advanced individual student projects and machine operations. Students will gain an understanding of design requirements and function.

Prerequisites: Wood Technology with a passing grade.

Course Resources: Modern Woodworking / Wagner – Safety videos

Course Fees: Varies by project and materials used.

Course Outline/Instructional Units:

- Design
- Tool safety
- Cabinet construction
- Casework construction techniques
- Box construction techniques
- Drawer and door construction techniques
- Wood lathe (optional)
- Individual projects (encouraged)

Major Assessments:

- Written tests
- Safety tests passed with 85% or better, required for tool usage
- Required project
- Individual project
- Professionalism

Extra Help: Students are encouraged to take advantage of tutoring opportunities. As well, one-on-one help will be offered in class. The lab is open every morning at 7:15 and there is a chart by the classroom clock to let you know when the lab will be open after school.

OHHS Re-Do Policy:

OHHS is an effort based school where we believe all students can learn. We also know that students learn at different rates. Thus, we have implemented a re-do policy that recognizes the needs of individual learners.

- 100% Re-do
 - Assessments (with exception of the Final exam)
 - Key Assignments: Evidence that demonstrates mastery of a standard
 - Additional materials may need to be purchased
- Students may need to:
 - Complete supporting assignments prior to re-do opportunities for them to show they can meet the standard.
 - Complete redo work outside of class time.
- The instructor may:
 - Assign “zero” grades when students choose not to do key assignments and/or assessments to standard.
 - Have different requirements for late work.
 - Provide a deadline for redo assignments.

Re-Do Policy for Cabinetry: All safety tests must be passed with a grade of 85% or better. If you make no attempt to come in and do the operations test you will not be able to use that piece of equipment.. **You can only retake safety tests once.** Daily work and quizzes can be re-done for up to 80% credit on personal time.

Weighted Categories

The CTE department has established the following categories and weighting.

Category	Percentage of Overall Grade
Assessments: Safety Tests, Quizzes and Projects	70%
Daily Work	20%
Professionalism	10%

Assessments: Safety Tests, Quizzes and Projects: 70%

Daily Work: 20% - In class / homework assignments to check student understanding. (Excluding Safety tests, quizzes and projects.)

Professionalism Grade (10%) is earned by:

- Be Here
- Be On time – Arrive to class before the last bell stops ringing.
- Be Prepared– Project out, safety goggles on, clothing for work is safe - no open toed shoes...
- Be On Task - working during period, conversations are on topic, doing clean-up job

- Be Respectful – listen during instruction, use positive comments when speaking with peers, word questions and comments appropriately during discussions

Grading Scale:

Regular Scale				
Letter Grade	Percentage		Letter Grade	Percentage
A	93% and Above		C	73-76.99%
A -	90%-92.99%		C-	70-72.99%
B+	87%-89.99%		D+	67%-69.99%
B	83%-86.99%		D	60%-66.99%
B-	80-82.99%		F	59.99% and Below
C+	77%-79.99%			

OHHS PLAGIARISM POLICY:

Any student, who knowingly turns in any work that has been done by someone other than himself or herself, and fraudulently represents it as his/her own, shall be considered to have cheated. Cheating also includes: aiding someone else in cheating, the use or preparation of written, pictorial, electronic or other materials not authorized by the instructor during a test or assignment, the use of testing materials obtained previous to the test date, or plagiarism of any kind. Students found cheating will also be subject to an office referral, which could result in a suspension. As an effort based school, students who have plagiarized/cheated must still demonstrate their learning. Thus, students will be given the opportunity to complete the work. This will fall under the “Late Work Policy” of the teacher where total possible points may be reduced.
